THREE WOMEN REGISTER TODAY

The First of the New Voters
to Get on the Roll Is
Ellen F. Smith

FULLERTON READY TO HUSTLE NAMES

County Clerk to Send Affidavits to Parts of Fifth District

Following the opinion of Attorney General Webb, County Clerk Williams has thrown his registration books open for women, and this morning three women had been registered at his office. Blanks were sent to G. W. Finch at Fullerton, and women of that city will be registered by scores that they may vote on the "wet" and "dry" election on November 25.

The first woman to register in this county was Ellen F. Smith, aged 72, wife of D. Edson Smith of West Seventh street. She gave her occupation as home-builder and her party as Socialist. When asked if she was proprietor or head of the house, she said that she was.

The second to register was Miss Nellie E. Bacon, deputy sheriff in the office of Sheriff Ruddock, aged 25, Republican.

The third woman was Mrs. Margaret D. Taylor of 114 French street, aged 54, housekeeper, Socialist.

The county clerk will immediately appoint deputies for the registration of women in the fifth supervisorial district, preparatory to the "dry" and "wet" election to be held there probably the last of November.

It seems to be generally conceded now that the women will vote in both the elections concerning saloons to be held in this county in the next six weeks, and it is just as generally conceded that with their vote the saloon hasn't a chance to win either in Fullerton or the fifth district.

GREAT HURRICANE IN MEXICO CAUSED MANY SHIPWRECKS

SAN DIEGO, Oct. 14.—The big steamer Benito Juarez arrived today from Mazatlan and other Mexican ports. She reports several wrecks following the great Mexican hurricane. A Pacific Mail liner, supposed to be the San Jose, was sighted with all her rigging gone. The great freighter Nevada put in at Mazatlan with several men badly injured.

MARTIN FINISHES FIVE DAYS FLYING

Seneca Dates Completed in
Fine Style by the Santa
Ana Aviator

Yesterday Glenn L. Martin, the Santa Ana aviator, finished an engagement for five days of flying at Seneca, Kas. That he was successful is indicated by the following telegraphic message received by his mother, Mrs. C. Y. Martin, this morning:

"Finished Seneca date in fine style. Fine flights, five different days, fifteen minutes each day. Will take vacation next week. Will let you know next dates later."

GLASS INSULATOR CO. TO BUILD AT LONG BEACH

LONG BEACH, Oct. 13.—The contract for the building of several structures, to be used by the Glass Insulator Company, which has established headquarters in this city was awarded yesterday to Marcus Campbell, a local contractor, who will immediately begin the work of erecting three large buildings and a landing platform for the concern. The completed plant will cost \$25,000 and will give employ-

New York Won by 2 to 1 From Philadelphia

NEW YORK, Oct. 14.—In an unparalleled pitchers' battle New York gained the first leg of the race for the world's championship pennant, defeating Philadelphia in a score of 2 to 1. Matthewson and Bender were in magnificent shape, Bender allowing five hits to Matty's six.

One accident marred the game. Snodgrass spiking Baker while sliding into third. The latter continued in the game, however.

Both teams played flawless ball, but Philadelphia seemed nervous. Fifty thousand people were present. Harry Davis was responsible for Philadelphia's single tally, while Meyers and Devore were New York's principals.

Score for Game

New York, Oct. 14.—First Inning: Philadelphia 0, New York 0.

Second Inning: Philadelphia 1, New York 0.

Third Inning: Philadelphia 0, New York 0.

Fourth Inning: Philadelphia 0, New York 0.

Fifth Inning: Philadelphia 0, New York 0.

Sixth Inning: Philadelphia 0, New York 0.

Seventh Inning: Philadelphia 0, New York 1.

Eighth Inning: Philadelphia 0, New York 0.

Ninth Inning: Philadelphia 0, New York unplayed.

Finals
Philadelphia 1 6 1
New York 2 5 0

Batteries for the first world's series game were Bender and Thomas, Philadelphia; McEwson and Meyers, New York.

Fifty thousand persons saw the game.

PRINCE OF LIARS DESERVED THE NAME

Pleasing Production Was That
Given by Company L at
Temple Theater

"The Prince of Liars" was well named, for if ever a comedy produced entanglements as the result of telling lies it was "The Prince of Liars," last night under the auspices of Company L, by local talent.

You know the kind of a story it is. The hero tries to cover up some of his misdoings by fibbing, and instead of quieting suspicion he gets deeper into trouble. Everybody suspects and involves everybody else, and with a lot of clever and amusing situations are produced.

The part of Arthur Hummingtop, the liar, was taken by Louis William Chaudet, whose every moment on the stage showed his professional training and experience as an actor. Mrs. Howard, who appeared in a number of Ernest C. Phillips' local talent productions here, was the inquisitive, bothersome mother-in-law, and if the part of the joke-book conception of that estimable lady was ever well taken it was last night.

Pretty Miss Kate White took the part of Mrs. Hummingtop admirably, while the conception of Miss Clyde Britton of the part of the stranger cousin was as dainty and charmingly done as anyone could ask, and besides she was pretty. Miss Benson as the interloper who stirred up the household was welcomed each time she came to the stage, and her whistling solo added much to the success of the act in which it was worked in.

With Ted Shaw and Barry McPhee successfully taking the parts of Ralph Ormered and Joshua Gillibrand—and a right laughable Joshua Barry made—the cast was completed and a very creditable production put on, to be repeated tonight.

MAY BE LAST COACHING TOUR OF NOTE IN THE U. S.

LOS ANGELES, Oct. 14.—Mr. Reese Llewellyn has left Albuquerque on his way to join Captain Banning on his coaching trip through the South. The driving tour will take the Captain's guests through the South generally, and particularly to the famous battlefields, and will end at New Orleans next month. This will probably be the last coaching trip of note in the country and Captain Banning is about the last lover of the horse to resist the allurements of the motor

JUSTICE HARLAN DIED TODAY IN WASHINGTON

Death Ended Second Longest Career on American Supreme Bench

WON FAME IN RECENT ANTI-TRUST DECISION

Opposed Reading of "Reasonable" Into Famous Edict of Supreme Court

WASHINGTON, Oct. 14.—Associate Justice John Marshall Harlan of the Supreme Federal Court died at his home here at 8:15 this morning.

His death was caused by an acute attack of bronchitis that began with a cold last Monday. Owing to the Justice's extreme age, 78 years, but slight hope was held out for his recovery, and members of his family were at his bedside when the end came. He was constantly watched through his illness by Misses Laura and Ruth Harlan, Interstate Commissioner James Harlan, Jr., and John M. Harlan of Chicago, his daughters and sons.

Judge Harlan was the dean of the Federal Supreme Court. With but one exception, his term on the Supreme bench was the longest in the history of America, thirty-four years. He recently won fame by opposing the reading of the word "reasonable" into the Sherman anti-trust law, holding out vigorously though ineffectually against the rest of the bench.

His death will make it necessary for President Taft to make his fifth appointment to the Supreme Court. This will make a majority on that tribunal of President Taft's selection.

As a result of the death of Justice Harlan the Supreme Court will not resume the hearing of the argument dissolving certain of the trusts until after the Harlan funeral. The Supreme Court will convene Monday and adjourn, out of respect to the late Justice. Chairman Clements of the Commerce Commission paid the following tribute to the jurist today:

"Justice Harlan's long and conspicuous service in the Supreme Court was characterized by great ability and manifest sense of responsibility and a high degree of integrity. He conspicuously demonstrated his ability while adhering to universally recognized principles of law and justice."

DR. BEHR ADMITS JEWELS WERE SMUGGLED—WILL PAY

LOS ANGELES, Oct. 14.—Dr. Arno Behr, of Pasadena, a chemist and inventor who is charged with smuggling jewelry through the port of Hoboken, New Jersey, yesterday put up \$50,000 cash bail for his appearance before U. S. Commissioner William M. Van Dyke in two weeks, when the date for Dr. Behr's appearance in Newark, New Jersey, to answer to the indictment charging him with smuggling, will be fixed.

Behr is charged with smuggling a "dog collar" necklace set with diamonds and pearls; a diamond bracelet; and another diamond and pearl necklace which he purchased during a recent trip abroad. In a signed statement Dr. Behr recently admitted his guilt and declared that he needed punishment.

NELSON IS BONE OF CONTENTION

Bordwell Dismisses Court Until Monday Without Decision as to Juror

LOS ANGELES, Cal., Oct. 14.—In arguing for the defense in the McNamara case, Judge Cyrus McNutt severely criticised District Attorney Fredericks for trying to retain Nelson on the jury.

"In half a century of practice," he said, "I cannot remember an instance where the prosecutor tried to keep in the jury box a man who made answers such as Nelson did, and who was so plainly biased. A big point in this case will be how and by what means the Los Angeles Times was destroyed, whether it was dynamite or gas. This venieman admits he believes dynamite was used, and says he would have to have awfully strong evidence to remove that opinion. For that reason it is impossible for the defense to accept this juror."

Judge Bordwell then adjourned court until 10 o'clock Monday, without announcing his decision regarding

DE KOR QUALIFIES FOR AVIATOR LICENSE

Nervy Birdman Fulfills Requirements for High Aeronautical Honor

CUT FIGURE EIGHTS WITH HIS BIPLANE

Two Out of Four Licenses Won in West Have Been Won in Santa Ana

In flights that demonstrated nerve and control, Fred De Kor today qualified for an international aviator license. The tests were conducted on the mesa five miles south of Santa Ana in the presence of Prof. H. La V. Twining of Los Angeles, official observer for the U. S. B. of America, assisted by Van Gr. B. a Los Angeles aeronautical writer.

Fifteen automobiles and half as many rigs filled with people made their way to the field. The biplane was at a point but 150 yards from the end of Main street. De Kor flew a half mile southeast to the field where Glenn Martin made his international license two months ago. There two pylons were set up 500 meters apart. The tests were: De Kor must cut five figure eights around those pylons, and land. In landing he must cut off his motor and come to a stop within 166 feet of a designated spot. This performance must be repeated. During the two tries he must go up at least 166 feet.

The first flight lasted eighteen minutes, and in it De Kor went up 500 feet, as shown by the barograph. He cut the five figure eights and came down neatly, and came to a stop within two feet to spare.

During his second time up, after making three of the eights, De Kor had trouble with his motor and had to come down. A second time he had to come down. Then he went up and in a beautiful flight made his five figures, and came down perfectly. Twining and Griffith congratulated De Kor upon his performance, and assured him he had fulfilled every requirement for an international license.

When the license is issued, it will be the fourth issued in this state, two of them being made here. The three who have already received licenses are Martin, Williams and Holt. That is, two of the four licenses won west of St. Louis were won at Santa Ana.

ATTENTION TO CHILD'S BODY

Parent-Teachers' Association
Discusses Importance of
Hygiene in Schools

One of the best meetings since organization was enjoyed by the Parent-Teachers Association of McKinley School on Thursday. Stella and Cassie Clapp sang very sweetly, followed by Julian Matthews who played a cornet solo very well.

Prof. Cranston gave a report on the "Physical Education" talks at N. E. A. 1911. Briefly he said that our education in the past had been an education of the mental at the expense of the physical condition. More and more we are coming to the time when we realize that the best mental results are obtained with a sound body for the pupil. The first report claimed: First, that sex hygiene should be taught in the normal schools; second, a local physician or some one equally efficient should give talks on this subject to both parents and teachers; third, it should appear on institute programs; fourth, teachers should be required to pass examinations on sex hygiene.

The second report of Dr. Evans of Chicago commended work of the Chicago staff of teachers under Supt. Flagg along the line of physical education. As an example of Chicago methods one class of little people were heard singing:

"O, Marguerite, wash quick and neat.

The Board of Health is across the street."

Children of school age are the most susceptible to contagious diseases; they are thrown together in large numbers in small places; this shows the need of physical care.

Prof. Cranston took Macy street school in Los Angeles as a good example of physical training in a restricted space by an efficient physical director.

Children come into the public schools from homes where contagious

GROUND-BREAKING AND INSPIRING SPECTACLE

As the President of the United States
Broke Turf With Silver Spade for
1915 Panama-Pacific Pair

SAN FRANCISCO, Oct. 14.—Flanked by representative men and women of the Golden State President Taft, the central figure in a most elaborate program today, broke ground in Golden Gate Park for the Panama-Pacific Exposition to be held in 1915.

The Pacific Sangerbund, led by an augmented band, sang choruses after which Madame Nordica sang. Mayor McCarthy and Governor Johnson spoke, the keynote of their addresses being the glorification of the state.

An enormous crowd singing the "Star Spangled Banner" formed the most impressive scene ever witnessed on the Pacific Slope. President Taft was greeted by a cheering multitude, waving small American flags. The mass of kaleidoscopic color was inspiring. The President's references to the glory of the Western Slope was cheered to the echo.

As the President dug the silver spade into the soft turf, a bugle

sounded, and the exposition flag was thrown to the breeze from a lofty flagpole, while an artillery salute rolled out and the crowds cheered wildly over the first physical token of the great fair that is to be. The crowd began to arrive at the Stadium early and by noon all the available rolling stock had been pressed into service, but was yet unable to accommodate the throng, consequently hundreds walked to the scene of the ground-breaking.

Many thousands soldiers, regulars and militiamen, and the crews of the warships in the bay, led the way from the President's hotel to the park. The battery of field guns from the Presidio stationed on the hill overlooking the Stadium, fired the national salute that followed the hoisting of the National colors, and the salute was echoed by the forts and warships.

The spade used by the President will be forever preserved among the historical mementoes of the state.

CHAS. MERTZ WINS HEAVY CAR EVENT

Drove National—Bert Dingley
Second—Keen Wins Medium, Nikrent Second

SANTA MONICA, Oct. 14.—The National car, Charles Mertz driving, won the heavy car event in the first Santa Monica road race. His time for 151 miles was 2 hours, 2 minutes, 36 seconds. Bert Dingley in Pope-Hartford, was second.

The medium car race was won by Bruce Keen in a Marmon car, with Joe Nikrent second. Nikrent also drove a Marmon car.

Hurt on Way to Races
LOS ANGELES, Oct. 14.—H. D. McDonald, president of the First National Bank of Alhambra and his son, H. H. McDonald and H. T. Graham, mechanic, were painfully injured today when their auto crashed into a Garvanza trolley. The autoists were en route to see the Santa Monica road races.

The light car race was won by the Buick, Nikrent, driver, time 1:42; Ford, Charles, driver, second, 1:44; E-M-F, Siebel, third, time 1:55.

REPORT IS PETERS HURT

Word was received here today that a man named Peters was fatally hurt in a fall from a motorcycle near Santa Monica this morning while going to the races. It was stated that he was "Deputy Sheriff Peters" of this county. It is thought the man is Jack Peters, formerly a motorcycle officer for the county. At that time he was deputized by Sheriff Ruddock. Inquiry at the home of Mrs. Zimmerman, mother of Mrs. Myrtle Peters, who recently married Jack Peters, brought no news.

Mrs. Zimmerman had heard of no accident. She said Peters said yesterday he was going to Santa Monica on his motorcycle.

MUCH IMPORTANT BUILDING IS UNDER PREPARATION

FOUR APARTMENT HOUSES IN PROSPECT

Plans Are Matured Which Will Give Important Additions to the City

CONTRACTORS BUSY PREPARING PLANS

Other Owners May Take Advantage of Fine Investment Opportunity

Little more than two years ago Santa Ana had not a single building which could, by strict interpretation, be designated an apartment house. Now she has several which, though not so large as those which greater cities boast, are up-to-date in every respect, more are building, and plans are in definite shape for the construction of several more.

In short, just at present, one of the principal features of the local building situation is the interest in apartment houses. And this despite the Pennett "tenement house law," which some feared would prove a deterrent against the erection of such buildings—at least, until it shall be tested in the courts and be found wanting, as will probably be the case. This law, however, promises to be largely a dead letter at best, except where it may be invoked for the furtherance of particular interests.

Well matured plans give assurance that within the course of the next six months four modern, handsome apartment houses will be added to Santa Ana's equipment. Previous mention has been made of the fact that the Spurgeon company is contemplating the erection of a large apartment building on its splendid lot at the southeast corner of Sixth and Broadway. Members of the company state that no definite steps have been taken as yet, but it is understood that the recent clearing of the lot has undergone is in preparation for building, and that negotiations are likely to be started at an early date. As this is inside the fire limits the plan would necessarily comprehend an extensive as well as substantial building, and for this reason negotiations probably have been slow. There is good reason to hope, however, that the building will be completed within the time specified above.

A Handsome Building

On Ross street, between Second and Third, facing Birch Park, Contractor A. C. Black is now erecting for Mrs. Carrie S. Bent a twenty-room, four-apartment building which will have all the latest kinks in the way of comforts and conveniences. The location, facing as it does the city's principal park, is one of the most desirable in the city, and the builders have made the most of it. The building will sit far enough back from the street to give it a prospect, while at the same time maintaining the general frontage line of the block. It is to be of frame, but will have an imposing front, the features of which will be a broad portico surrounding the two floors, supported by massive pillars of artificial stone. The building is to be approached from the street by four sets of steps, one for each apartment, each of which will have its separate entrance.

The apartments are to be divided into living room, dining room, two bedrooms, kitchen, bath room, screen porch, linen closet and buffet. The apartments are to be independent in every respect. Each will have its own heating system, water system, independent basement, and independent lighting system for hall, porch and basement, the lights controlled by switches inside the apartments. The upper apartments are to have speaking tubes to the front doors, with electric locks, so that a guest may be received and admitted without descending the stairs.

The apartments inside will be handsomely finished and fitted with every modern convenience. The living and dining rooms will be in paneled wainscoting, giving a very luxurious touch. All the rooms will have arrangements for gas heat, with the addition of provision for a coal stove in the dining room. In each of the living rooms a gas mantle will supplant the ordinary fireplace. The screen porches in the rear are to be arranged with especial view to their use for sleeping, and will be equipped with disappearing windows for use in time of storm or rain. Walls and floors are to be decorated, so that there will be no noise from one apartment to another.

Contractors are well along with the work on this building, and will turn it over to the plasterers next week. It is expected that it will be delivered to the owner within six weeks, and every apartment probably will be rented before this stage is reached.

Much Work in Prospect
A local contractor is now preparing plans for another apartment house, to be built in the same section of the city, and along the same general lines, with the exception that it will be somewhat larger. Final details have not been given out as yet, but that the building will be erected is a certainty, and it is expected that work will be started before many weeks have passed.

It is known that to other local contractors are figuring on apartment house plans, and while, for obvious reasons, it is impossible to make definite announcement the prospects are said to be strong that the plans will crystallize at no late date. The demand for such buildings in Santa Ana is unquestioned, and Santa Ana has never been a city which let such demands go long unsatisfied. The constant and rapid growth of the city, together with the increasing popularity of apartment house living makes such an investment in this field particularly attractive at present. Besides the cases mentioned there are other property-owners who have seriously considered such investments of late, and it would not be a rash prediction to say that the end of the year 1912 will see Santa Ana with no less than a dozen modern, commodious apartment buildings.

BOOST IN THE "KNOCK"

Angel City Realty Men Malign Orange County Because They Fear It

The Santa Ana Bulletin of this week tells the following story of an occurrence of a nature which has been recorded only too often in this section:

The real estate dealers of Los Angeles, take a special delight in "knocking" Orange County, and more especially Santa Ana. If they see they can't locate a tourist in Los Angeles or vicinity, they talk San Bernardino, Riverside and Redlands, and if Orange County is mentioned by the tourist, they are immediately advised to steer clear of this section. What lies they don't tell them is hardly worth mentioning.

These are facts, and they are occurring every day in the year, and we have a case of it in Mr. B. F. Gray, a recent arrival from the East, who is now located in Santa Ana. Mr. Gray had heard of Orange County's richness, and was headed this way, but after falling into the hands of the Los Angeles champion liars he was persuaded to go to other sections of Southern California and avoid the "barren wastes" of Orange County. After touring the most of Southern California, he finally managed to get into Orange County, and says he has found the spot he was looking for, and is thoroughly convinced that Orange County leads all other sections in diversified products, richness of soil and with a climate that can't be beat.

Such Stories are Frequent

"Yes, such stories come to us periodically," said a local real estate agent in commenting on the above, "and we know that there are sundry unscrupulous real estate dealers in the big town who make a regular practice of 'knocking' Santa Ana and Orange County to prospective investors from the East. Their primary object, of course, is to induce the said investors to put their money in lands about the Angel City which are in the hands of the 'knockers,' but this does not explain why so much effort is made to divert the attention of homeseekers to lands in the interior valleys."

"There is only one logical explanation of that, which is that extraordinary effort is made to divert the attention of prospective purchasers from Orange County because the well-informed dealers fear its attractions and advantages more than they do those of any other neighboring section. They know that if a man seeking a site for a home gets an unprejudiced view of Orange County's offerings there will be slim chance of selling him property in one of the innumerable subdivisions around Los Angeles, where values are invariably inflated to the last possible degree. So that every 'knock' of this character is in fact, a boost for this section."

"However, this fact does not do us any particular good in landing home-seekers, and the best methods of fighting this unfair competition has engaged much of the attention of real estate men and others interested in the promotion of this county. One of the best methods possible, I think, is that which the county adopted some months ago—that of keeping a representative at the Chamber of Commerce in Los Angeles who can give visitors a fair presentation of the situation in this county. In this way we get hold of many prospective investors before their minds can be poisoned by unscrupulous land dealers. We have a man there who is eminently fitted for the job, and I hope we can keep him there indefinitely."

"Much might be accomplished along this same line, also, by more united action among the local realty men. If we expect to get our share of business in the midst of the fierce competition now existing in all the Southern California counties, we must be prepared to fight for it, and fight unitedly."

The block on Spurgeon street, between Washington and Fourteenth street, has in the last few months taken on a vastly improved appearance owing to the activity of P. A. Robinson & Son, contracting builders. This firm is devoting its time to erecting handsome and substantial residences for sale and now has on the block named three bungalows and one two-story residence practically completed, while two other bungalows are under way.

The houses are all of substantial and modern construction, with Oregon pine finish in the interior, hardwood floors in living and dining rooms, cabinet kitchens and other up-to-date features. The bungalows are being built with the idea of selling them at about \$3000 each or a little more. One of them, only recently completed, has been sold to Mrs. Barrett, a recent comer to this city from Kansas. There is apparent an active demand for houses of this character, and indications are that none of them will be on the market for a long time.

The firm is preparing to take up, as soon as present construction work is finished, the remodeling of a two-story residence on the east side of Spurgeon street, in the block named, which work will add very materially to the appearance of the neighborhood.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion. Get from your pharmacist a 50-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

HEALTHY TONE IS SHOWN

Increased Activity in Building Indicated By Permits of the Past Week

Permits issued from the office of Building Inspector Roper during the week ended last evening numbered twelve, calling for a total expenditure of \$15,975. This brings the total for the first thirteen days of the month up to \$21,480.

The week's developments indicated an even increased activity in the building line. Nine of the permits were for residences of medium price, most of them being modern, substantial bungalows. All contractors, besides having all the work they can do on hand, are busy on estimates for prospective jobs, and a great degree of activity during all the rest of the season is assured. Besides numerous residences, plans are on foot for several apartment houses and other buildings which will be important additions to the city.

The following is the list of permits for the past week:

W. N. Carter, owner, N. L. Galbraith, builder; 5-room frame bungalow, 710 Cypress avenue, \$1400	
D. V. Davis, owner and builder; frame garage, 116 South Birch	50
H. E. Finster, owner and builder; 6-room frame cottage and frame barn, 111 S. Birch	2000
W. O. Moody, owner, C. L. Clary, builder; frame addition to residence, 1045 West Third	225
S. W. Smith and Son, owners, C. McNeill, builder; frame garage and workshop, 213 West Sixth	800
Mrs. A. M. Gardner, owner; C. McNeill, builder; 2-story frame residence, 311 East Washington avenue	4000
W. F. Wendelker, owner and builder; 1½-story frame residence, 516 E. Seventeenth	2000
J. A. Butterfield, owner, F. F. Skelly, builder; 6-room frame bungalow, 306 South Flower	1000
A. F. Morton, owner, R. C. McMillan, builder; 5-room frame cottage, 1711 Greenleaf	1000
J. E. Wilbern, owner, H. L. Zimmerman, builder; 6-room frame cottage, 116 Buffalo avenue	1000
Mrs. Wells, owner, E. N. Smith, builder; frame cottage, 1114 F street	1500
H. C. Humphrey, owner and builder; 5-room bungalow, 1110 Bush	1000

DOINGS AMONG THE CONTRACTORS

H. C. Humphrey, contractor and builder, this week started work on a five-room frame bungalow at 1110 Bush street. Mr. Humphrey already has built one bungalow on this corner, which he owns, and purposes to erect three more in the immediate future, all to be for sale or rental. They will be of comfortable dimensions and well finished inside and out.

Contractor C. McNeill this week started work on a two-story frame residence for Mrs. A. M. Gardner at the corner of Washington avenue and Spurgeon streets. The building is to be of frame construction, elaborately finished inside and built on the latest designs. It will cost about \$4000 and will be a most acceptable addition to that handsome residence section.

Contractor N. L. Galbraith this week started work on a five-room, modern California bungalow for W. N. Carter at 710 Cypress avenue. The house is being built as an investment, and will incorporate several new and original ideas in building.

Contractor R. C. McMillan is at work on a five-room frame bungalow for A. F. Morton, on Greenleaf avenue, north of Seventeenth street.

Frame work is now well forward on the new edifice of the United Presbyterian church, at Sixth and Bush streets, and the casual spectator is able to gain an impressive idea of the noble proportions which the building will possess. The work is progressing very favorably, and every indication is that it will be finished within the specified time.

A striking as well as artistic building will be the combined store and warehouse building which Contractor C. McNeill of this city is now erecting for the Irvine company at Irvine station. The building is planned in the Colonial style, and will not display from its appearance the uses to which it is to be put, having rather the appearance of a handsome and pretentious private building. The first floor is to be divided between a store-room and warehouse, while the second will be devoted to living apartments. The building will cover a ground space of 50x54 feet and will cost \$5500.

WEALTH A CURSE TO CHILDREN

It is announced that a banker of Colorado Springs is about to retire from business, having accumulated \$6,000,000 and so provided \$1,000,000 for each of his children and accomplishing a long cherished intention.

It should be the aim of every father to make suitable provision for his family, so far as conditions and circumstances will admit. But an inheritance of \$1,000,000 is a very doubtful benefit to any child.

It is, in fact, the wisdom of ages that fortune is usually a bane to youth. An inheritance more than enough to provide a liberal education and a start in the world very commonly results in mischief, and sometimes in absolute ruin to young men.

In the case of girls a large inheritance frequently makes them the prey of fortune hunters.

And yet many a foolish father works himself to death in the effort to pile up wealth for his children—Sacramento Bee.

ACTIVELY PROSPEROUS

The prosperity and activity of California in all lines of development and industry are clearly indicated by the monthly report of the California Development Society, just issued.

The cities of this state are being represented at the municipal congress in Chicago by Mr. Francis Hope of this board, who is lecturing on "Municipal Achievements in California."

The "California-Burbank Exhibit" of over two hundred jars of processed specimens has been shipped to Pittsburgh, where it will be shown at the Land Show. Later it will be shown at the New York Land Show and in Philadelphia.

From the standpoint of the grower, the current year has been in many respects a record year. The yields of cereal crops have been good and the market returns good. Barley especially gave a large yield of exceptionally good quality and prices have been far beyond expectation.

Hay and alfalfa have given good returns and pasturage has held up well. Sugar beets are giving a better yield than usual on a larger acreage and the sugar content is running high.

The hop crop will be larger than last year and the new crop is bringing prices double and three times as high as in normal years.

Potatoes, onions and beans and other field vegetables are making good returns.

The cotton crop of Imperial county is coming above estimates and the quality is fine.

The canning of fruits and vegetables has been active in the season for the different kinds and will be until the crops are taken care of.

Fruit drying has also been active, and the pack for the season will bring prices above normal as the demand is good. The prune crop will be about one-third larger than last year, while the raisin crop will be 20 per cent less. Shipments of deciduous fruits are less than at this time last year, some 1850 carloads. Citrus shipments so far are over 13,000 carloads ahead of those of 1910.

On the whole the year has been very satisfactory to the farmer and fruit grower as increased acreages and new planting of trees for next year tend to show.

Land sales for colonization are continuing. Some of the enterprises are on a large scale and contemplate large expenditures.

The influx of colonists continues and the record for the season is expected to surpass all previous ones.

Permanent improvements, public, corporate and private, are projected or going on in every quarter.

The oil production seems to have a good future; work is being pushed at El Segundo, near San Pedro, on what is proposed to be the largest oil refinery in the world.

Placer, quartz and dredger are taking on new life, and new enterprises are being started. Dredge mining returned \$7,550,224 in 1910, according to report of the U. S. Geological Survey.

The secretary of state reports 15,074 new registrations of auto vehicles for the eleven months ending August 1st.

THE NEW POLITICAL AND CIVIC STATUS OF CALIFORNIA WOMEN

Now that the question whether or not suffrage is a right, a privilege or a "responsibility," so far as its possession by the women of California is concerned, has been settled satisfactorily, the thousands of prospective women voters throughout the state are attempting to determine their political status. Strange to say, they have found few sovereign citizens of the opposite sex competent to furnish authoritative information.

Perhaps the most important question before the women of the state is what must be done by the legislature before they will be permitted to register. Election Commissioner Cator of San Francisco, who is the best informed man on matters pertaining to election law, has made the following statement as to changes to be made in the political code, permitting the filing of registration affidavits by the "prospective" electors.

"I am preparing to suggest to Governor Johnson that his message to the legislature, called into extraordinary session, include recommendations for the changing of sections 1096 and 1097 of the political code. Section 1096 states the matters to be included in an affidavit of registration.

Suggestions for Changes
"I believe that the portions of the section relating to the recording of visible scars and blemishes be stricken out, as I feel that it has been of no service to the state. There is not a single case of election day fraud on our criminal records in which the guilty party was either apprehended or convicted by the use of the memoranda regarding scars.

"An addition must be made in order to overcome the sex requirement, and it will be recommended to the governor that the matter of sex be inserted in order to cover the women. Section 1097 deals with the question of naturalization, and although we can not change the laws of congress, we can amend our own political code as to bring the women under the regulations covering the men.

Need for Amendment
"This particular section of the political code will have to be amended so as to permit the filing of statements of naturalization by marriage. With the passage of the woman's suffrage amendment the foreign born women of the state who have married either natural born or naturalized citizens are given a great advantage over our male alien residents. The women become citizens at the altar, while the male aliens have to pass through the long probationary period of from two to seven years.

In discussing the question of naturalization, Commissioner Cator went on to show that every foreign born widow whose husband was an American by birth or naturalization is entitled to vote, and only those foreign born women who are unmarried will be called upon to pass through the probationary period required of aliens by the federal department of commerce and labor, acting through the federal district and state superior courts.

Poll Tax Only for Men
Many women have entertained the erroneous idea that the women will be called upon to pay the state poll tax upon being given the suffrage. Section 12, article 13 of the political code specifically states that the poll tax shall be paid by males over the age of 21 years. There is little reason to believe that this section will be changed and there is no reason for the women to fear that they will have to pay the "heaviest" tax by reason of their acquisition of the ballot.

Voting Age Twenty-one
Another matter that has caused the women as well as the men of the state a great deal of anxiety is whether the young women who have attained the legal age of 18 years are entitled to exercise the right of suffrage.

The law of the United States specifically states that a person without reference to sex, a matter strictly conserved to the individual states, must be over the age of 21 years in order to vote or become naturalized.

Again there has arisen the question of whether or not the entire political code of the state will have to be changed to fit the new order of things because of the exclusive use of the word "he" in its articles and sections. The short pointed statement contained in section 17 of the political code gives all the attorneys' fears their quietus. It states that wherever the word "he" is used it shall be read as meaning either "he" or "she" or both.

Jury Duty Improbable
Last but by no means least important is the question of whether or not a woman shall be called upon to serve on a jury panel. That a woman voter who has the necessary physical and property qualifications is liable to subpoena for jury duty is a certainty, but experience has proved in states where women have been selected as jurors that their presence on a panel is undesirable, but not on account of any inability to do justice or assume the responsibility.

"All of these matters will be met and decided as we advance into the new era opened up to our women," said Commissioner Cator in speaking of these problems.

Matter of Qualification
"Even as all of our women who are to vote are eligible to the positions and offices which are to be filled in the future very much in accordance with their voted desire, providing that they have the other necessary qualifications for occupancy of the position such as admittance to the bar in order to become judges, so will their position in relation to the ballot box and attendant duties be a matter of qualification in the days to come."

Discussing the changes that will have to be made in the department of elections and in the apportionment of precincts throughout the state, Commissioner Cator said that the admission of the women to the electorate would necessitate the doubling of precincts throughout the state, making a total number of from 6000 to 7000 precincts. The number of polling places in each precinct will also have to be substantially changed, and the number of voting booth clerks and judges increased by several thousand.

As there are eight election officials assigned to each polling place, each receiving \$10 a day, about 5,500 polling clerks and judges will be required at each election at a salary expense of about \$55,000.

The Herpicide Company want everyone to have a copy of their booklet telling how to take care of and possess nice hair. The booklet contains much valuable information on the subject of saving and cultivating the hair.

If the present-day men and women would begin to live up to the teachings of this little booklet it is doubtful if the next generation would find a baldheaded man, or lady wearing false hair.

It is just as easy to have robust and beautiful hair as to have thin, scraggy hair or no hair at all. If the scalp is kept clean and free from dandruff the hair grows naturally and luxuriantly.

The booklet tells how this may be most effectively accomplished by the use of Newbro's Herpicide. Herpicide destroys the germ which causes dandruff, frees the head from dirt and sear flakes. The hair becomes light, fluffy and beautiful.

Newbro's Herpicide is the original remedy that kills the dandruff germ for which there are many imitations and substitutes said to be just as good. Buy nothing but the original. All reliable druggists sell and guarantee genuine Herpicide in one dollar size bottles.

Editor Register:—In May, 1912, the Shriners will hold their National Conclave in Los Angeles, and in a conversation with Hon. Motley H. He expects more than thirty thousand people to attend this big convention, and if this county could entertain one per cent of this great throng, for a few hours, the small cost would never be missed and the benefits derived therefrom would be immense.

JOSEPH P. SMITH.

Santa Ana, Cal., Oct. 11, 1911

Editor Santa Ana Register.

Dear Sir: As a result of the solicitation of certain residents of our city, our Honorable Board of Trustees have been persuaded to consider the matter of amending the ordinance regulating the riding of bicycles on sidewalks. About a month ago, while discussing this matter with one of the members of the board, I gathered from his remarks that it would not be seriously considered by that body; so I was very much surprised to learn from the report of the meeting held on the 2nd instant, that there had been passed to a second reading an amendment to this ordinance which divided the city into two districts, one to be protected against the bicycle, and the other left unprotected. This at once struck me as being objectionable, unfair, unsafe and confusing legislation, and wholly unnecessary; and if I may offer an off-hand legal opinion, concurred in by some other attorneys, I would say that it is both morally and technically class legislation. That part of its provisions limiting the use of the sidewalks to such times as the streets are impassable more troublesome and confusing, as each rider necessarily must be his own judge as to whether the streets are passable or impassable.

In passing this amendment the board took into account the needs and convenience of the school children; but now that we have placed the school buildings almost at the doors of ninety per cent of them, the danger to small and heedless children and the convenience offered to a small percentage of the whole, will not justify the annoyance that would be given to householders and pedestrians. Those who reside on well built up streets, along which scores of children daily pass on their way to school, would be seriously annoyed and inconvenienced and our lives endangered.

I am satisfied that there is not a city in the state that has a bicycle ordinance such as the one now proposed for Santa Ana. Surely it is not for the best interest of our city; and I believe that the board has no disposition to make any law that would interfere with or annoy the residents of any section of the city.

It is not my intention to criticize the members of the board, who conduct the civic business practically without remuneration; but I wish to call attention to some of the objections to the proposed amendment, in order that some of our citizens may be persuaded to attend the meeting of the board next Monday evening, the 16th instant, and discuss the matter with the board, as some of its members have suggested they do. The board is willing to hear both sides, and to re-consider the matter if it be thought advisable so to do.

I will not attempt to set out with complete accuracy the limits of the proposed protected district, but, approximately, they are as follows:

That section lying within the following named streets and excluding the same: Commencing at the corner of Main and Santa Clara, and running thence: East to Bush; south to Washington; east to French; south to Fifth; east to Garfield; south to First; west to French; south to Chestnut; west to Birch; north to Third; west to Parton; north to Fifth; east to Ross; north to Hickey; east to Broadway; north to Santa Clara, and east to the point of beginning.

Let a few of our citizens attend this meeting of the board next Monday, and thoroughly discuss the matter. The whole city would regret the passing of the amendment, especially, should the life of one child be sacrificed for the convenience of the few who are desirous of its passage. Such an ordinance would result in far more annoyance, trouble and danger to our citizens than at first sight might appear.

Sincerely yours,
JOHN N. ANDERSON.

Baking Contest Tonight

The great Globe Mills baking contest comes off this evening, and that the unique affair will attract a large number of people is a foregone conclusion.

When it became known who the judges are to be in the baking contest, which will be held at the Rossmore hotel, the ladies were more than content to compete.

The three ladies are Misses Ethel Hinkston and Rosa Clauser of the Santa Ana Domestic Science Department of the public schools and Miss Theodora L. Coffin, head of the Domestic Science Department of Orange High School.

W. K. Mitchell has made a great hit with the ladies and has very nearly needed the help of a clerk to take care of the many entries having come in for the big contest.

Geo. S. Smith, the expert auctioneer, is all excitement thinking up cute and clever things to say to bring out big bids for the goodies, which he will dispose of after the prizes are awarded.

It must be remembered that all the money taken in by this contest goes without reserve of a dollar, to the local chapter of the American Woman's League for their endowment fund.

Questions for Young People

A series of lecture-sermons to young people on some of the great questions of life will be delivered by Rev. Charles H. Secombe at the Congregational church. These questions are: "What Does Life Mean to Me?" "What Will My Harvest Be?" "What Influences Are Strongest in My Life?" "How Much Am I

We are emphatically on the side of the women of this great state who have just won so important and splendid a victory.

At the same time we consider it a deplorable reflection on the manner in which men have performed their rights of franchise that the women should be obliged to take the stand which they have. It is their right but ought not to be their duty.

We believe no influence can possibly make more for the purification of politics than theirs.

Particularly along lines of education do we believe woman's influence is needed. She is better fitted than the average busy man to advise and promulgate educational reforms.

We believe she will give more attention to higher education and the cultivation and patronage of the arts. For instance, the standard of music in the public schools is sadly under what it should be and what it is in many other states.

Under the new regime we believe the day will come sooner when the arts and their promulgation for public welfare will become matters of legislation. Subsidized conservatories, orchestras, opera, concerts, etc., will be found here as in Europe where art and the beautiful are for the masses as well as for the elite. We are surely growing and the fragrance of civilization's blossoms is already in the air.

Worth to Others." "What Are My Ideals of Home?" "What Is Jesus Christ to Me?" The first question will be taken up tomorrow evening.

Travel Section No. 2

Travel Section No. 2 of the Ebbl Club will meet next Monday afternoon with Mrs. J. E. Paul, 607 Spurgeon street.

Literature Section

The Literature Section of the Ebbl Club met Thursday at the home of Miss Talbot. During the brief business session Miss May was elected secretary to fill the place of Mrs. Kroll, who has resigned.

The subject for study was Oliver Wendell Holmes, and the following program was given: "The One Hoss Shay," Mrs. Clayton; Letters of Holmes, Miss May; "The Guardian Angel," Miss Talbot; "Old Ironsides," Mrs. Wilcox; "The Chambered Nautilus," Mrs. Lawton. The meeting adjourned to meet Thursday, the 26th, at the home of Mrs. Wilcox, 2409 North Main street, when the "Autocrat of the Breakfast Table" will be taken up.

What Will Santa Ana Do?

Prof. Gustlin has received a letter from L. E. Behrmer of Los Angeles, saying he will co-operate with him in bringing first-class musical attractions here this winter. It is now distinctly "up to" the people of this city as to whether they will encourage or discourage such a movement. Much lower prices will be charged, without doubt, in a city the size of Santa Ana than in Los Angeles or larger places, thus presenting a real opportunity to secure good attractions at moderate cost.

Woman's League Meeting

The local chapter of the American Woman's League, held a fairly well attended meeting at the city hall yesterday, Mrs. Jessie V. Rowland, the president, presiding.

Important business matters were discussed and encouraging reports came from headquarters. An especially interesting and inspiring letter was read from Mrs. Claudina Hazen White, the League's Southern California State regent who now fills the office of Secretary of the Interior for the American Woman's League, and who is located at University City, St. Louis, Mo.

The president, Mrs. Rowland, presented each league member with a beautiful hand painted card in purple and white, league colors, bearing the date for meetings, the second Saturday and fourth Monday of each month, together with the league motto, "Keep your face toward the sun and you cannot see the shadow." The cards were artistically executed by Miss Earlyn Muna.

The ladies are all very busy today preparing their favorite cake, pit or loaf of bread for the contest tonight, which promises to be a huge success judging from the pleasant odors floating about town today.

Smells good all right, and those who are on hand tonight at the Rossmore hotel to bid in some of the good things will have something extra fine for their Sunday dinner tomorrow.

For Mrs. Forsyth

In honor of Mrs. R. L. Forsyth, formerly of the Rossmore Hotel, Mrs. Carl G. Strock yesterday entertained with a pretty four-course luncheon at 1 o'clock. Autumn leaves were used in decoration, producing an artistic effect.

Mrs. Forsyth soon leaves for San

Francisco for residence, and the following ladies were invited to meet her at this farewell luncheon: Mesdames Fred C. Rowland, Wilbur Palmer, R. E. Dickinson, A. A. Avery, Chas. Harris, Kittle.

The Forsyths will take their departure from Santa Ana in a month.

Of Miss Oderlin's Singing
Miss Ida Oderlin, whose beautiful voice was greatly admired here, is winning approbation in Los Angeles, where the Oderlins are now living. Miss Oderlin sang last night at Ladies' Night at the Scottish Rite Cathedral, where a large audience was assembled. Of her singing, the Los Angeles Times says today:

"Vocal solos by Miss Idamae Oderlin also were greatly appreciated. Miss Oderlin possesses a rich contralto voice and her singing pleased many audiences in Los Angeles recently."

"A vocal duet was rendered by Mrs. Dunn and Miss Oderlin."

Mothers' Picnic

The program for the Mother's picnic, to be held in Birch Park Tuesday, October 17, beginning at 10:45 a. m., is as follows:

Address—City Superintendent of Schools J. A. Cranston.

Quartet—"Temperance Bells," Kellogg children.

Subjects for Discussion—

(a) How Exact prompt Obedience from Our Children.

Mrs. Murphy, VII Park.

(b) Household Economy.

Mrs. L. J. Evans, Anaheim.

Closing Hymn.

Daughters of Veterans

The Daughters of Veterans held a very interesting meeting last evening. There were four Veterans obligated and five Daughters initiated. Several of the Veterans gave many words of encouragement and praise.

Quite a number of veterans now belong, but the members would be glad to see a great many more join, as well as the daughters and granddaughters of veterans.

Banquet for Teachers

The W.C.T.U. will give the annual reception and banquet to the city teachers and school board on Friday evening, Nov. 10, at Elks' Hall.

The following are the committees:

The chairmen of all committees will call their committees together and outline a plan of work. Will all members be prepared to respond quickly and generously when solicitors call?

MRS. LEA WARREN, Pres.

Popular Girl to Wed

On next Tuesday, Oct. 17, Miss Rose Petersen will become the bride of Dean Starrett. The wedding will be a quiet one, only the immediate family to be present.

This announcement will be a decided surprise, as so early a marriage date was not only not suspected by Miss Petersen's friends, but is taking place sooner than planned by the principals, owing to the fact that Mr. Starrett is called to Ontario for residence.

Miss Petersen and Mr. Starrett were school friends in Sheldon, Iowa, before either of them had moved to California.

Miss Petersen, who has long been a popular clerk with Gilbert & Co., will close her connection with that establishment tonight. The patrons of that store will greatly regret her departure, as she has invariably been pleasant and courteous to all customers.

The marriage of next Tuesday will be the first of two to soon take place with one of the popular Petersen sisters as bride. Miss Emeline will be married little less than a month later, Nov. 14, than the date of Miss Rose's wedding.

Personals

Mrs. Rosamond B. Goddard of San Francisco, president of Woman's Synodical Society of Home Missions of California, is the guest of Mrs. P. L. Tope, for a few days, at her home, 320 South Main street. Mrs. Goddard is in the Southland to attend the annual meeting of the society which convenes in Los Angeles on October 18.

Miss Ruth Crandell who has been in the employ of the Harper Fruit Company of Orange for some time, left Wednesday over the Salt Lake route for Chicago. Miss Crandell's friends say they fear Cupid had something to do with her decision to make Chicago her home. She left a host of friends in Orange and Santa Ana.

Mr. and Mrs. A. W. Johnson of Myford left on the Los Angeles Limited of the Salt Lake route for their old home in Kirksville, Mo. Mr. Johnson is one of the prosperous farmers of this section. Their two children accompanied them.

Clarence Lammers who has spent the summer in Orange County left this morning over the Salt Lake route for his home in Cincinnati.

Mrs. Norman Baile, wife of the business manager of the law firm of Flint, Barker & Bowen of Los Angeles, came down from the city last evening for an over Saturday and Sunday visit with friends here. She is accompanied by her little daughter, Margaret.

Miss Olive Newcomer made a trip to Los Angeles this morning. Roy Andre was a business visitor to the Angel City this morning.

Miss Thompson of the high school was a visitor to Los Angeles today. Carey R. Smith and his wife were morning passengers on the Los Angeles-bound electric.

Reports from the Pasadena Hospital are that Mrs. H. R. Andre, who was operated upon there last Thursday, is getting along nicely.

Mrs. J. S. Talcott has returned from a two months visit in Minnesota and South Dakota. She had a delightful visit among old friends in both sections, making a more lengthy stay in Minnesota. Mrs. Talcott sent her trunk home a week before she started on her return, and it was smashed in the railroad wreck in Arizona last week. The Santa Fe, however, adjusted matters in a satisfactory manner.

ANNUAL MEETINGS

Lemon and Citrus Fruit Associations Have Elected Their Officers

The Tustin Lemon Association held its annual meeting last Tuesday to elect officers for the ensuing year, and to hear the report on the business of the past year. It has been a very successful year, the association having shipped 90 carloads of lemons, which paid to the growers nearly \$50,000. The directors for the coming year are: C. E. Utt, president; George Brown, vice president; T. B. Moorehead; B. N. Sharpless and F. B. Browning.

The annual meeting of the directors and stockholders of the Tustin Hills Citrus Association was held this week. The officers for the ensuing year were elected as follows: C. W. Curry, president; John A. McFadden, vice-president; A. Thorman, A. G. P.ley, C. E. Utt, and F. W. Knight, secretary and manager. The association is well pleased with the past year's business, the report showing a good increase over the previous year. The number of cars shipped during the season of 1909-10 was 77, and the number for 1910-11 was 173.

Meeting of the Embroidery Class Richardson Art Club Class No. 1 met with Mrs. P. W. Swartz last Wednesday afternoon. Mesdames Mount, Ed. Smith, C. C. Lambert, F. C. Stearns, Hart, J. D. Howes, Coler, Tuttle, and Hattie Swartz were present. Delicious refreshments were served. The members voted to have the class called the "Coriopsis Club," and as such it will be known in the future. The next meeting will be a joint meeting of the two sections of the class and will be at Mrs. Hardesty's home.

OVERLAND EXPRESS

Stopovers permitted en route to visit Grand Canyon, Petrified Forest, Cliff Dwellings, and many other places of intense interest found only along the line of the Santa Fe. Let me arrange your itinerary.

F. T. SMITH, Agent, Santa Ana.

SANTA FE

At 213 East Fourth St.

You will find the largest stock of Corrugated Iron that has been, at any time, carried in this county and the price is lower than ever before.

There is nothing better than corrugated galvanized iron for a roof over the barn or other outbuilding.

We have Rubberized Roofing (which is the best of the many paper and felt roofing materials) and several other kinds that are lower cost, and we can put on any kind of a tin roof good or better, but galvanized iron beats them all.

DO YOU

Keep a bank account? If not, why not start one with us at once? Your check book will quickly settle all disputes as to bills you have paid. The check stub shows the record, and the cancelled check, which we return to you, constitutes a positive and undisputable receipt. Your pass book shows you the amount of money you have handled from time to time, and will be a good sign of your advancement and prosperity.

To NEWCOMERS and those WHO do their BANKING out of town:

Do your banking with us and establish your CREDIT by having your checks circulate in your own locality. The above Banks offer to the banking public the advantage of their modern facilities developed and perfected by successful service to depositors.

OUR SAFE DEPOSIT DEPARTMENT

affords absolute protection for paper and valuables. Every year more people are becoming convinced of the need of safe deposit vaults. Every day the fact is becoming better known that the peace of mind gained by the use of a box in a burglar and fire proof vault is worth many times the price of the box rent.

OFFICERS:

W. A. Huff, President. J. A. Turner, Cashier.

J. Howard Turner, Ass't Cashier.

A SAVINGS BANK

HAS

more responsibility put on it than almost any other institution.

It may not handle more money than other banks, but what it does handle means much to each depositor.

LOS ANGELES PRODUCE MARKET

Business was in good volume, considering the off day. Receipts were light generally, with the market on staples in good shape. An advance of 1 1/2 cents on creamery butter was noted, and firsts advanced 2 1/2 cents. Delicious fruits were in light receipt, and prices on most fruits were well sustained.

Grapes and apples were about the only fruits that commanded any attention from the prospective buyers. Muscat and Tokay grapes were in good demand and notwithstanding light offer, the dealers had a considerable carry-over and were able to meet the heavy demand and still maintain a firm market.

While there were no apples reported in on 'change, several cars were received by dealers. There was no change in the situation.

Peach receipts were light. A good call for Salways necessitated dealers taking some of their surplus stock.

EAST NEWPORT NEWS LETTER

EAST NEWPORT, Oct. 14.—Mr. and Mrs. E. A. Bellinger were here from Eagle Rock this week and occupied their cottage on Bay island for a few days.

Miss Nell Morrison and her niece, Miss Rowena Morrison of Banning, are enjoying a short vacation here and are occupying Dr. King's cottage on Surf Avenue.

Mr. and Mrs. Odell Shepherd of Los Angeles passed the week end in the cottage which they have engaged for the winter.

Mrs. Blanche Hurd and Miss Frances Hurd left this week for a short stay in Los Angeles. They will be at the "Ivans" on Figueroa street.

Mrs. C. H. Wallace and daughter Dorothy returned Wednesday from a short visit with relatives in Long Beach.

Dr. and Mrs. G. C. Clark, former residents of East Newport, drove from Fullerton in their automobile one day this week, and spent the day here.

A. W. Martin of Redlands was here for a short time this week, and was a guest of Mr. and Mrs. H. Little.

Mrs. Jos. Ingersoll and daughter, Mrs. J. H. Patterson of San Bernardino, were guests at the home of Mr. and Mrs. W. W. Wilson for a few days this week.

Dr. and Mrs. Edw. J. Cook and children, of Los Angeles, occupied their home on Bay island, for the last week end.

Mrs. P. T. Evans has been passing several days this week in Los Angeles, as the guest of friends.

Mr. and Mrs. Horace Little and son, Clifford, left on Thursday of this week for a week's visit at Oceanside.

Mr. and Mrs. M. J. Twogood returned to their home in Riverside this week after a few days outing here.

Harold Adams, the little year old son of Capt. Wm. Adams, is recovering from a short illness.

Miss Myra Blanchard is visiting her nephew, A. Blanchard Miller, at his home in Rialto.

Mr. and Mrs. R. P. Wilson, who were recently married in San Bernardino returned Monday from their wedding trip, which was passed at San Francisco, Seattle and Portland. They will make their home in East Newport.

A congenial party of young ladies, employees of the City Library at Los Angeles, enjoyed a house party in one of the company cottages at East Newport, a few days this week. The party was chaperoned by Mrs. B. M. Foy, and returned home Friday morning, a happy unburned crowd.

Aid to Perfect Health

That the body may be in a perfectly healthy, normal condition, it is necessary that the various organs perform their natural functions in the regular manner.

This is particularly true of the Liver, the principal work of which is the separation of various poisonous materials from the blood. Unless these are withdrawn and disposed of, they are reabsorbed into the system, resulting in a gradual poisoning of the whole system.

Rehall Liver Salts has proven remarkably efficacious in aiding the Liver to properly perform its functions, and for this reason we most highly recommend the use of this preparation to you.

We have it in two sizes, 25c and 50c. Dean's Drug Store. The Rexall Drug Store.

THE BARTLETT MUSIC CO. MEANS BUSINESS

—We are determined to sell pianos. Now is the opportunity if you ever expect to own one. We are willing and ready to sacrifice and you get the benefit. We are the "Big Exclusive Piano House." No question about the quality of our pianos. Besides cutting prices on every piano we are allowing double credit for all cash paid on first payments up to \$50. Bargains are good things but you must have the courage to help yourself to them—to take them when offered—or you are no better off than before. The time is very short. If you intend to purchase a piano at the special low prices which we are now making in this 10 day sale you must attend to the matter at once. There is only one mistake you can make and that is to fail to make your selection while this offer holds good. We will be open evenings, and you can hear music all the time. We shall be pleased to show you and let you see for yourself.

A 4-Cylinder, 5-Passenger, Fore-door Car, 108-inch
Wheel Base, 34 x 3 1-2 inch Tires, Magneto.
Price Subject to Change Without Notice

ANOTHER REO SENSATION—HERE IS WHAT YOU GET—SIZE,
STYLE, SPEED, POWER AND ENDURANCE.

Beautiful Straight Line Body With or
Without Foredoors

WHEEL BASE, 108 inches, 34x3½ wheels. Insure the easiest riding to be had in any of the higher priced cars.

BRAKES, 14 inches in diameter and 2 inches wide. Much larger than the brakes in any other make of car, in proportion to the size, at any price.

TRANSMISSION, Selective Swinging Type—located in the center of the car. The majority of cars shown at the New York Auto Show had the same transmission. The advantage being that the vibration is greater when the transmission is on rear axle.

BEARINGS, Timkin Roller Bearing. The same that are used on most of the highest priced cars on the market. Don't forget to call for Timkin Roller Bearing when you go to buy a car. Timkin, Timkin, Timkin, Timkin Roller Bearings.

For economy's sake we make one style of chassis. Our entire factory is devoted to a single model—by this fact we save about \$200 per car.

DELIVERY CAN NOW BE MADE ON MODELS R AND ST. WE CAN DELIVER MODEL S CARS WITHIN A FEW DAYS.

Yes, We Can Explain

Why the Majestic Range has always had the biggest sale of any range in America, if you will step in and spend a few moments time.

We like to do it—for there is some pleasure in telling about good goods. The man or woman who intends buying a good range cannot do better than come here. We sell Majestic Ranges because we believe them the best.
